Pre-registration Training

Cohens Chemists have motivated, proactive, experienced tutors, offering excellent training in all aspects of pharmacy practice, throughout your pre-registration placement.

We want to prepare you for the ever changing, extended role that pharmacists will face in the future.

We will prepare you to tackle the role of a valued member of the primary care team. This might be as a:

- Manager
- Relief Manager
- The Pharmacist Future role?

Training will range from 'in-house' day to day, practical work, together with organised head office days, audit work, First Aid, CPPE course work, calculation practice and exam revision sessions.

All aspects of the pre-registration manual will be covered, with emphasis on management skills, communication, assertiveness, together with teaching you the vital clinical skills you will need to talk to and advise your patients.

We will cover the core work, and more.

You will spend some time in other pharmacies within the Group to gain the relevant experience in all aspects of community pharmacy, such as monitored dosage systems for nursing homes.

We will encourage you to build up a professional relationship with GPs, nurses and other health care professionals spending time observing their day-to-day work.

We offer a competitive salary, 20 days holidays and pay pre-registration fees and exam fees.

Cohens are large enough to provide you with opportunity to develop yourself professionally and personally

and

small enough to listen to you and treat you as an individual

After you qualify . . .

- We will listen to what you want, and help you to achieve your goals.
- We value our employees, whilst respecting their opinions and ambitions. We want to encourage a sense of belonging.
- We realise there is a need for professional fulfilment from our pharmacists. Discovering new opportunities that enable pharmacists to undertake extended roles is an objective the company holds passionately.
- We have a wide range of pharmacies, from the high street shop to health centres.
- We encourage professional development, and offer postgraduate courses to all our managers.
- We encourage active involvement with GPs and support any service development work you wish to undertake.
- Offer a competitive salary.

If you would like to talk to someone about pre-registration placements, or vacation work with the Cohens Chemist Group, please contact Karen Rice or Shabana Majid on 01204 473119 / 473122 or email
karen.rice@cohenschemist.co.uk or

Whatever your aims, we will value your achievements as our achievements

COHENS CHEMIST
Caring for the Community

The Cohens Group

Established

The Group started in the early 1980's with the purchase of its first pharmacy in Rochdale. Today the company has over 40 branches and its own Warehousing and Distribution. The Head Office and support facilities are in Bolton.

The Business is family owned and has become one of the largest privately owned groups.

Types of Branches

The group has several late night chemists and a number of Health Centre Pharmacies, and provide a full range of pharmaceutical services to the community, including supplying monitored dosage systems to nursing homes and hospices.

Location

The North West, Greater Manchester, Yorkshire and North Wales.
